

Syllabus for Web Application Programming

Web Application Programming is all about the building blocks of web programming. In this course, we dive deep into how websites and web apps are built and run. We'll look at the common methods and tools used in web development and study the different programming and markup languages that make websites work. We'll also cover important topics like how to connect websites to databases, making sure websites meet standard guidelines, and how to keep websites safe from security threats.

Contact Information

Instructor: Dr. Haoyu Li

E-mail: lihao@gvsu.edu

Office: MAK D-2-220

Office Hours: Tuesday, Wednesday, and Thursday, 1:00 – 2:00 p.m. in-person and Zoom

Other meeting times are available by appointment via Zoom.

Classroom: Online Asynchronous

Class time: Online Asynchronous

Final Present.: Due end of the examination week, December 19, 2026.

Course Objectives

After completing this course, students should be able to:

- Apply foundational knowledge of HTML to structure web content effectively.
- Create stylesheets to control the visual appearance of web pages.
- Craft modern front-end web applications using JavaScript and TypeScript.
- Write server-side scripts to support the functionalities of a web application.
- Utilize AJAX to fetch data from the server and dynamically update content without reloading the entire page.
- Employ web APIs effectively to send and receive data between the client and server.
- Analyze large-scale problems and construct comprehensive websites as solutions.

Prerequisites

(CIS 162 or CIS 260) and (CIS 333 or CIS 353)

Course Materials

Primary: Instructor's Lecture Notes (via Blackboard)

Course Delivery - Online Asynchronous

This course will be delivered online asynchronously.

Expectations: I expect the following from you to ensure your success in this course:

- a) Check Blackboard and Course Website on a regular basis for announcements, course material, sample code and assignments.
- b) Adhere to the CIS & GVSU policy of Academic Honesty.

GVSU Blackboard: Course materials, assignments, grades, and announcements will be posted to Blackboard (<https://lms.gvsu.edu/>). It is your responsibility to stay informed.

Note: I use Blackboard's course announcements to communicate timely information about the course (e.g., changes to deadlines, etc). Ensure that your notification settings for Blackboard are set up to allow you to get updates as they are posted.

Grading Scales

Graded Item	Weight
Attendance Quizzes:	5%
Quizzes:	20%
Assignments:	35%
Projects:	40%
Total:	100%

A = 93%	A- = 90%	B+ = 87%
B = 83%	B- = 80%	C+ = 77%
C = 73%	C- = 70%	D+ = 67%
D = 60%	F < 60%	

Course Policies and General Information:

- 1) **Due dates:** All assignments will be due at 11:59 pm Michigan time on the due date.
- 2) **Late Policy:** Work submitted after the due date will incur a 10% late penalty per day, with a maximum penalty of 50% (Weekends are not counted). **No assignment will be accepted after the same weekday the following week. All assignments, graded discussions, quizzes, exams, etc., are submitted electronically. No assignments are accepted via email, printed, or any other method.**
If you are struggling with meeting deadlines while working remotely, please contact me as soon as possible!
- 3) **Participation:**

- a. This course uses brief weekly participation quizzes to verify engagement with course materials. Each quiz must be completed by its posted deadline. Students who complete at least 80% of the participation quizzes will receive full credit for this portion of the course grade.
 - b. There will be no make-up participation quizzes unless prior arrangements are made or a documented excuse (e.g., illness, emergency) is provided.
 - c. University policy states: "In case of excessive absences, the instructor may refuse to grant credit for the course." [GVSU Attendance Policy](#).
- 4) **AI Policy:** The use of AI assistance for assignments is allowed but not encouraged. Any code or answers generated with AI assistance must be clearly acknowledged. For AI-generated code, use the following labels: `// --- start AI code ---` before the code and `// --- end AI code ---` after the code. Submitting AI-generated code without proper acknowledgment will be considered academic misconduct and will result in a grade of zero for the assignment. In addition, errors in AI-generated code may result in greater point deductions.
- 5) The Fred Meijer Center for Writing, with locations at the Allendale and Pew/Downtown Grand Rapids campuses, is available to assist you with writing for any of your classes. Writing consultants, who are fellow GVSU students, are trained to help you with all stages of your writing process, from brainstorming to organizing to editing your papers. Simply bring a draft of your paper, the assignment sheet, and your questions/concerns to any of the Center's locations. Also, through your Gmail account, you have access to online consultations through Google Docs. The Center's services are free, and you can drop in and work with a consultant or make an appointment, either through our website or by calling the Center (331-2922). For more information about our services and locations, please visit our website: <http://www.gvsu.edu/wc/>
- 6) Cooperation and cheating: Be aware of the SCIS policy on academic honesty. Visit the department website (<http://www.cis.gvsu.edu/academic-honesty/>) for the full statement on academic honesty. Suspected academic misconduct will be addressed according to GVSU's Academic Misconduct Policy and Procedures. Consequences may include a reduced grade, failure of the assignment, failure of the course, and additional action through the university conduct process.
- 7) Students who need disability-related accommodations should contact Student Accessibility Resources at 616-331-2490. Additional information is available through the GVSU Student Accessibility Resources website.
- 8) This course is subject to the GVSU policies listed at <http://www.gvsu.edu/coursepolicies/>.
- 9) In Case of Emergency Fire: Immediately proceed to the nearest exit during a fire alarm. Do not use elevators. More information is available on the University's Emergency website located at <http://www.gvsu.edu/emergency>.
